case 10:

```
document.write("<b>FEB 10 : TEDDY  
DAY","<br><br>")
```

```
console.log("FEB 10 : TEDDY DAY")
```

document.write("Teddy Day is celebrated annually on February 10th as part of Valentine's Week, a day to express love and affection through the gift of a teddy bear. Teddy bears symbolize warmth, comfort, companionship, and everlasting love, serving as a timeless keepsake and a sweet reminder of care when words fall short. The tradition stems from President Theodore Roosevelt's compassion for a bear, which inspired the creation of the first Teddy bear, and its name later became synonymous with love and empathy. ")

case 11:

```
document.write("<b>FEB 11 : PROMISE  
DAY","<br><br>")
```

```
console.log("FEB 11 : PROMISE DAY")
```

```
document.write("Promise Day is celebrated on  
February 11th as the fifth day of Valentine's Week to make  
heartfelt commitments to loved ones, strengthening bonds of  
love, trust, and support. It's a day for partners, friends, and  
family to reaffirm dedication through verbal vows, thoughtful  
gifts, and quality time, emphasizing the importance of staying  
true to one's word to foster strong, lasting relationships. ")
```

```

```
        document.write("Valentine's Day, celebrated  
annually on February 14th, is a cultural holiday focused on  
expressing love and affection through gifts, cards, and romantic  
gestures, with its origins linked to the martyrdom of a third-  
century priest named Valentine. Common traditions include  
exchanging flowers (especially red roses), chocolates, and  
heartfelt messages to romantic partners, friends, and family.  
The holiday has evolved from its historical roots to become a  
widely recognized global celebration of love in its many forms.
